Dear Jaacov

Please excuse my English
This is to thank you for this memorable
trip to Scandinavia. We have enjoyed
every place we visited, every site
we saw, every natural spot
every city and village.

Of course the itinerary was
planned by the company, but you
made all the difference. You calmed
us, protected us, and guided us.
We are going back to our lives,
our families and routines but
the experience of this wonderful
trip will stay with us when
we see the photos and remember
the feelings and the joy of discovering
new places.

Thank you, and Pegasus.

We hope to continue enjoying
in future trips.

Ruth and Rafael Poplawski.

P.S. I will write to the company too.
