

To whom it may concern this is to tell you that I travelled to Portugal between 22<sup>nd</sup> to 29<sup>th</sup> may

The tour leader was Sima Evans

The trip was well planned out and well implemented by the guide

The variety of places we visited suited all the needs of the travelers

Lots of variety and covered a large area of Portugal .

Sima was extremely thoughtful as far as I was concerned, I was on my own and she made sure to be with me most of the time

The hotels were just fine but too far out and away from any night life

We could have been dropped by the bus in the city for one or two evenings to enjoy the night life

It is a fault of the tour that the excitement of night life is void

I know all about keeping the driver out for 12 hours, but there should be a replacement driver for a few nights to enjoy and not go back to the hotel nigh after night

Sima is like a walking encyclopedia

Her knowledge is amazing in all direction and all aspects

Thank you Pegasus
